For Eag Eaters. Let the lover of a good egg-one who can eat eggs all the year around, and who rejoices in the real egg flavor-stand the beloved article on one end in a small glass, and then, ever so cautiously, tap the other end until a small hole is made Let him, still proceeding cautiously, take off the broken shell until there is a bare white surface exposed about the size of a five-cent piece. Now, with an egg spoon or an after-dinner coffee spoon puncture the surface of the egg and after dropping in a piece of butter about as large as a white bean, let him chop up the entire egg until it rests in its shell, all cut up and ready to be eaten. It is still deliciously hot, and has parted with none of its pristine loveliness. Just as soon as well prepared, it should be eaten before it has had time to cool. Those who eat eggs in this way will testify to their glory, and those who do not take them thus would do well to give them a

A Footlah Fad.

Society, or women, or something akin to both, is responsible for another very rad. How supremely stilly to write the year of only operator that double skirt is lined with silk of the our Lord in the old-tashioned Homan notation. Yet some of the women who claim to know what is and what is not good form write May XXL, MDCCCXCIII. Well, they will soon tire of it, for very few can make pretty Roman letters. Besides it is a tedious act and women in this busy age are quite as hurtown in the orange-growing districts ried as men.

The Exiled Table. Every room needs an objective point as a gathering place. The open fire once supplied this want. Then came the stove. After registers, and then hot-water or steam pipes "came in," the entre table was the keynote, as it were in an apartment. Now the last mentioned is no longer seen, and the cosy corner tries to cover up the deficiency But probably most people have noticed if only vaguely, that the deficiency is not covered up, and that there is a certain

sort of straggling in many rooms that when properly made. The secret of suc-
